1. **why does the student go to the career services office?**
 - 1) to confirm the date and time of the career fair
 - 2) to learn the location of the career fair
 - 3) **to find out he is allowed to attend the career fair**
 - 4) to get advice about interviewing at the career fair
2. **why does the student think that companies' representatives would not be interested in talking to him?**
 - 1) **he will not be graduating this year**
 - 2) he is not currently taking business classes
 - 3) he has not declared a major yet
 - 4) he does not have a current resume
3. **what does the woman imply about the small print on the career fair posters and flyers?**
 - 1) the information in the small print was incomplete
 - 2) the print was smaller than she expected it to be
 - 3) **the information the small print contains will be updated**
 - 4) the information in the small print will be presented in a more noticeable way
4. **what does the woman say is a good way for the student to prepare for speaking to companies' representatives?**
 - (1) take some business classes
 - (2) familiarize himself with certain businesses beforehand
 - (3) have questions ready to ask the representatives
 - (4) talk to people who work for accounting firms

1) 1,4 2) 1,3 3) **2,3** 4) 2,4
5. **Why does the student say this?**
 - 1) To acknowledge that he cannot go to this year's career fair
 - 2) **To acknowledge the amount of preparation he will have**
 - 3) To indicate that he has school work he must complete before the career fair
 - 4) To indicate that he needs to go to his job now

6. **What does the professor mainly discuss?**
- 1) Major changes in the migratory patterns of hummingbirds
 - 2) The adaptation of hummingbirds to urban environments
 - 3) Concern about the reduction of hummingbird habitat
 - 4) The impact of ecotourism on hummingbird populations
7. **What does the professor imply might cause a decrease in the hummingbird population?**
- 1) An increase in the ecotourism industry
 - 2) An increase in the use of land to raise crops and cattle
 - 3) A decrease in banding studies
 - 4) A decrease in the distance traveled during migration

- 1) They have built a series of hummingbird feeding stations
 - 2) They have supported new laws that punish polluters of wildlife habitats
 - 3) They have replanted native flowers in once polluted areas
 - 4) They have learned to identify various hummingbird species
9. **What way of collecting information about migrating hummingbirds does the professor mention?**
- 1) Receiving radio signals from electronic tracking devices
 - 2) Being contacted by people who recapture banded birds
 - 3) Counting the birds that return to the same region every year
 - 4) Comparing old and young birds' migration routes
10. **What does the professor imply researchers have learned while studying hummingbird migration?**
- 1) Hummingbirds have totally disappeared from some countries due to recent habitat destruction
 - 2) Programs to replant flowers native to hummingbird habitats are not succeeding
 - 3) Some groups of hummingbirds have changed their migration patterns
 - 4) Some plant species that hummingbirds have become extinct

11. What does the professor imply when she says this?

- 1) There is disagreement about the ideas she has presented
- 2) She does not plan to discuss all the details
- 3) Her next point may seem to contradict what she has just said
- 4) **The point she will make next should be obvious to the students**

12. Why does the professor talk about Plato's description of society?

- 1) To explain why societies, face certain problems
- 2) To point out problems with Plato's ethical theory
- 3) To introduce students to the political structure of ancient Greece
- 4) **To help explain Plato's view about the nature of the human soul**

13. does the professor imply about Plato's ethical theory?

- 1) **It may be familiar to some of the students.**
- 2) It will be discussed in more detail in a later class.
- 3) It is not an interesting theory.
- 4) It is not a very complicated theory.

14. Why does the professor ask this?

- 1) To find out if students have understood what she just said
- 2) **To suggest an answer to a question that she just asked**
- 3) To express disagreement with a point made by Plato
- 4) To explain why harmony is difficult for a society to achieve

15. What are two points that reflect Plato's views about education?

- (1) All people can be trained to become leaders.
- (2) All people should learn to use their intellect.
- (3) Leaders should be responsible for the education of workers and soldiers.
- (4) All people should learn about the nature of the human soul.

1) 1,2

2) **2,3**

3) 1,3

4) 2,4

16. Based on information in the lecture, indicate whether the statements below about human emotion reflect beliefs held by Plato.

- (1) Emotion is usually controlled by the faculty of desire.
- (2) Emotion ought to be controlled by the faculty of intellect.
- (3) Emotion is what motivates soldiers.

1) 1.YES/2.NO/3.YES

2) 1.YES/2.NO/3.NO

3) 1.NO/2.YES/3.YES

4) 1.YES/2.YES/3.NO

17. According to Plato, what is the main characteristic of a good or just person?

- 1) The parts of the person's soul exist in harmony.
- 2) The person does not try to control other people.
- 3) The person's relationships with other people are harmonious.
- 4) The person does not act in an emotional manner.

18. What is the lecture mainly about?

- 1) Different ways of magnifying the spectrum of a star
- 2) How a chemical element was first discovered on the Sun
- 3) How astronomers identify the chemical elements in a star
- 4) Why the spectra of different stars are composed of different colors

19. What does the professor explain to one of the students about the term "radiation"?

- 1) It is defined incorrectly in the textbooks
- 2) It was first used in the nineteenth century
- 3) It is rarely used by astronomers
- 4) It does not refer only to harmful energy

20. What can be inferred about two stars if their spectra have similar spectral line patterns?

- 1) The stars are approximately the same distance from the Earth
- 2) The stars probably have some chemical elements in common
- 3) The stars have nearly the same brightness
- 4) The stars are probably of the same size

21. According to the professor, what is the purpose of heating an element in a spectroscopic flame test:

- 1) To cause an element to emit light
- 2) To study an element in combination with other elements
- 3) To remove impurities from the element
- 4) To measure an element's resistance to heat

22. Why does the professor say this?

- 1) He is about to provide some background information
- 2) He is about to repeat what he just said
- 3) He intends to focus on the history of astronomy
- 4) He intends to present different points of view

23. Why does the professor ask this?

- 1) To check the students' understanding of their reading assignment
- 2) To give the students a hint to the answer to his previous question
- 3) To emphasize how important it is for astronomers to study Greek
- 4) To remind the students about the historical background of astronomy

24.

- 1) He has gone to his high school reunion.
- 2) He lacks the funds to go to the event.
- 3) He is braver than Cathy
- 4) He dislikes high school reunions.

25.

- 1) He wired the paper to the professor.
- 2) The paper was handed in just in time.
- 3) His paper was a little late.
- 4) He slipped the late paper under the professor's door.

26.

- 1) A librarian 2) A professor 3) A bookstore clerk 4) A student

27.

- 1) That the man should review more carefully
- 2) **That they should study together**
- 3) That the man needs to master the subject
- 4) That there is too much information to cover

28.

- | | |
|-----------------------------|-------------------------------------|
| 1) She quit her job. | 2) She took some time off. |
| 3) She lost her job. | 4) She moved to a company downtown. |

29.

- | | |
|-------------------------------|--------------------------------------|
| 1) She seems to be traveling. | 2) She should ham it up. |
| 3) Her skirt is damaged. | 4) She must mend her garment. |
